MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

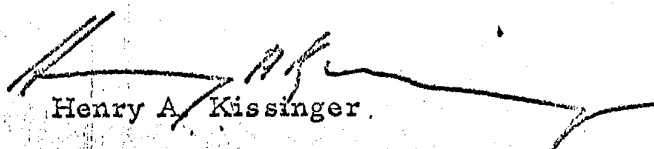

SUBJECT: Information Handling

The President's Foreign Intelligence Advisory Board has recommended to the President steps to achieve a more effective, community-wide intelligence information system. I believe that this is an important objective and that more vigorous efforts are needed to achieve it.

Copies of the Board's principal recommendations and supplementary recommendations are attached. I would like to have as soon as possible your comments on these recommendations, and your views on how an effective unified information system can be achieved quickly.

Your response will be forwarded to the President with the Board's report.
